When the West Wind Touches Your Shoulder Perry Chandler 2017-12-28 After the Civil War, many disillusioned souls headed west in search of a new start. It was a grueling journey. Yet thousands, with their pioneering spirit, persevered to reach their goal. Is this book a work of fact or fiction? Could there be, somewhere along the Truckee River near the foot of the Sierra, remnants of a camp that was called Yellow Moon? Perhaps a few slivers of wood from an old wagon or a scrap of gingham or a button under a sage bush? Were the Dweller brothers real people? Did Berna and Nah-leah exist? Or is this whole story just whisperings as the west wind touches your shoulder? The author leaves it to the reader to decide.

Elizabeth Taylor and Richard Burton are squabbling in the American Bar while Noël Coward drinks champagne. Royals wait upstairs in luxurious suites for discreet encounters. Suspicion falls upon Priscilla Tempest, the quick-witted Canadian head of the Savoy press office who has a penchant for champagne, the wrong sort of men—and trouble. When it is discovered that Priscilla had been with the deceased—a notorious international arms dealer—the night before he was found dead, she is questioned by Scotland Yard Inspector Robert "Charger" Lightfoot and is suddenly under the unforgiving eye of her boss, the Savoy's straitlaced general manager, Clive Banville. Her job on the line, her life in danger, Priscilla must elude the police and the general manager's duplicitous wife, ward off the amorous advances of a famous drunken actor, and discover whether that really was a member of the royal family seen leaving the victim's suite shortly before his body was discovered. Welcome Home! Victor R. Claveau 2000-01-01 Here are the compelling stories of eleven "reverts", Catholics who fell away from the Church and eventually came back home. Some of the people are very well-known, like Fr. John Corapi, Rick Strom and Jesse Romero, and others are known only in their smaller circles. But each person's story of why he left the Catholic Church and why he returned is a unique and moving tale of God's mercy, love and grace. There is one common denominator, though, among the writers of Welcome Home! To paraphrase Archbishop Fulton Sheen, few hate the Catholic Church for what she teaches, but millions hate it for what they think she teaches. The defining moment of illuminating grace almost always came when our storytellers began to examine Catholic teaching for themselves.

UNIVERSITY PAST TIME GLENN G. TUCKER 2005-11-17 Dr. Tom Gorham is a professor at Central States University located on the Mississippi River below St. Louis. One of his assignments is to secure funding for research projects in the College of Science and Engineering. Dr. John "Raj" Jhangli, a Professor of Physics, tries an experiment with an experimental powerful electromagnet with results that open a new realm in Physics. Tom's job is to coordinate the efforts to solve the dilemma of the experiment. The Navy Department lends an old escort destroyer to the University to supply added D.C. power to expand the experiment while the Pentagon tries to obtain control over the experiment as a defense project. One of their observers, an officious naval captain, interferes with the experiment and causes the experiment to blow up, sending a portion of the University back in time. Efforts to return only puts the group further into the past and the people and a portion of the university winds up in the year 1003 A.D. One of the primary problems facing the colony is the need for more people and children so the colony will not die out and the knowledge lost. Since women far outnumber men, much debate occurs as to how they can have more children when there are not enough males. This is solved by a sharing arrangement where a woman asks permission of a wife to share her husband for purposes of insemination, after which the man must have nothing more to do with the woman. This arrangement makes many women unhappy and requires modification. The colony meets the Cahokian Indians and establish a common ground of support for each other when the colonists defeat a warring Indian tribe who attack the Cahokians. Further complications arise when the Indians desire to become "one people" which requires the council members to take an Indian "princess" and some women to marry an Indian "prince." This is done to make "One People" and thus seal the pact. The people struggle to survive; scrounging seeds, food and clothing from various sources and changing cars and trucks into fanning and mining equipment. By the end of the second year the colony is in good enough shape to search for and find oil, gold, coal and iron ore. The third year they are able to send the destroyer to Europe for supplies and more people and children. The book details the efforts for the colony to survive and grow and to reshape the direction of the world by having as their primary goal education of the people. The conditions of the various countries and the living conditions in the world in 1005 A.D. are described and the history of many of the plants and foods used by Americans today.

The Struggle for Iraq Thomas M Renahan 2017-06 The Struggle for Iraq is a vivid personal account of the Iraqi people's fight for democracy and justice by an American political scientist. Thomas M. Renahan arrived in southern Iraq just three days before the capture of Saddam Hussein in 2003. Later he worked in Baghdad through the dark days of the country's sectarian violence and then in Iraqi Kurdistan. One of the few Americans to serve in all three major regions of Iraq, he spearheaded projects to develop democratic institutions, promote democracy and elections, and fight corruption. With inside accounts of two USAID projects and of a Kurdish government ministry, this engrossing and cautionary story highlights efforts to turn Baathist Iraq into a democratic country. Renahan examines the challenges faced by the Iraqi people and international development staff during this turbulent time, revealing both their successes and frustrations. Drawing on his on-the-ground civilian perspective, Renahan recounts how expatriate staff handled the hardships and dangers as well as the elaborate security required to protect them, how Iraqi staff coped with the personal security risks of working for Coalition organizations, and the street-level mayhem and violence, including the assassinations of close Iraqi friends. Although Iraq remains in crisis, it has largely defeated the ISIS terrorists who seized much of the country in 2014. Renahan emphasizes, however, that reconciliation is still the end game in Iraq. In the concluding chapters he explains how the United States can support this process and help resolve the complex problems between the Iraqi government and the independence-minded Kurds, offering hope for the future.

Life in Between: Creating a Home Away From Home Anya Pallamreddy 2021-04-29 While essentially bringing light to the theme of migration, the book targets a more contemporary audience: today's adolescents and young adults. Relocation, especially amongst this age group, can be a big change, affecting both one's mental and physical health. The book aims to offer support in terms of finding a sense of belonging, making friends and dealing with homesickness in a new environment amongst many more issues that migrant children seem to grapple with. Through interactions with candidates from all over the world, it can evidently be concluded that most migratory experiences are made better with some guidance and the knowledge that all struggles during this time are completely normal, justified and understandable. The book includes a few real-life stories from migrant teenagers who have moved and their advice and coping mechanisms to deal with moving away that is, often accompanied by several heartrending goodbyes and, most importantly, a loss of comfort. The book is, in its own special way, a little like a "How to", aiming to offer some sort of support and reassurance that things in life fall into place eventually. Written in a very conversational tone by someone who has observed migratory experiences first-hand, the book hopes to spark discussion about the possibility of a creation of a new life away from home, whilst also acknowledging all the difficulty that comes with relocation.

Scones and Scoundrels Molly MacRae 2018-01-02 The new mystery in the Highland Bookshop series, bringing together a body outside a pub, a

visiting author determined to find the killer, and a murderously good batch of scones . . . Inversgail, on the west coast of the Scottish Highlands, welcomes home native daughter and best-selling environmental writer Daphne Wood. Known as the icon of ecology, Daphne will spend three months as the author in residence for the Inversgail schools. Janet Marsh and her business partners at Yon Bonnie Books are looking forward to hosting a gala book signing for her. Daphne, who hasn't set foot in Scotland in thirty years, is . . . eccentric. She lives in the Canadian wilderness, in a cabin she built herself, with only her dog for a companion, and her people skills have developed a few rough-hewn edges. She and the dog (which she insists on bringing with her) cause problems for the school, the library, and the bookshop even before they get to Inversgail. Then, on the misty night they arrive, a young man—an American who'd spent a night in the B&B above Yon Bonnie Books—is found dead outside a pub. Daphne did her Inversgail homework and knows that Janet and her partners solved a previous murder. She tries to persuade them to join her in uncovering the killer and the truth. To prove she's capable, she starts poking and prying. But investigating crimes can be murder, and Daphne ends up dead, poisoned by scones from the tearoom at Yon Bonnie Books. Now, to save the reputation of their business—not to mention the reputation of their scones—Janet and her partners must solve both murders. And Daphne's dog might be able to help them, if only they can get it to stop howling . . .

The Madiba Appreciation Club Brett Ladds 2018-04-16 Once, chef Brett Ladds was given a cigar by Fidel Castro, he talked weightlifting with Swazi king Mswati III and his cooking made Quincy Jones sing. For many years he also served Nelson Mandela many cups of rooibos tea and made him his favourite meals. Ladds was the executive chef of the SA government and manager of the presidential guesthouse at Bryntirion Estate in Pretoria from 1994-1999 where he served both Mandela and Thabo Mbeki. It was a naive and star-struck 21-year-old Ladds who started working at the guesthouse in the months before the first democratic election. During this time he was always in the background when struggle stalwarts like Steve Tshwete, Joe Modise and Dullah Omar met Mandela to discuss the future of the country. This heart-warming book tells of a young man's coming of age at a turning point in our history. His stories about meeting

kings and queens, presidents, rock stars and even the pope are laced with his unique, self-deprecating sense of humour. Of Queen Elizabeth he says it felt like speaking to his gran. "I asked myself, how does all that power fit into this lovely, caring lady?" Of Robert Mugabe: "He never moaned about a thing." Then there are the Russian diplomats and their drinking habits and the Saudi-Arabian sheik who had 8 television sets installed in his room and bought 20 blankets at R5000 each for his stay. It's a book to make you laugh and cry. And Madiba's favourite champagne? Pêche Royale ...

The Book of Strange New Things Michel Faber 2014-10-28 A monumental, genre-defying novel that David Mitchell calls "Michel Faber's second masterpiece," *The Book of Strange New Things* is a masterwork from a writer in full command of his many talents. It begins with Peter, a devoted man of faith, as he is called to the mission of a lifetime, one that takes him galaxies away from his wife, Bea. Peter becomes immersed in the mysteries of an astonishing new environment, overseen by an enigmatic corporation known only as USIC. His work introduces him to a seemingly friendly native population struggling with a dangerous illness and hungry for Peter's teachings—his Bible is their "book of strange new things." But Peter is rattled when Bea's letters from home become increasingly desperate: typhoons and earthquakes are devastating whole countries, and governments are crumbling. Bea's faith, once the guiding light of their lives, begins to falter. Suddenly, a separation measured by an otherworldly distance, and defined both by one newly discovered world and another in a state of collapse, is threatened by an ever-widening gulf that is much less quantifiable. While Peter is reconciling the needs of his congregation with the desires of his strange employer, Bea is struggling for survival. Their trials lay bare a profound meditation on faith, love tested beyond endurance, and our responsibility to those closest to us. Marked by the same bravura storytelling and precise language that made *The Crimson Petal and the White* such an international success, *The Book of Strange New Things* is extraordinary, mesmerizing, and replete with emotional complexity and genuine pathos.

I Saw What I Saw Tony Garritano 2021-12-03 Crime blogger, Sheila Sammartino, witnesses a murder, but the police disagree. Sheila knows better, and to prove it she will solve this herself, not just write about it. The small town of Harmony's number one Internet sensation is crime reporter turned blogger, Sheila Sammartino. Inquisitive, self-conscious and often clumsy in an oddly endearing way, everything is going great for Sheila until she stumbles into a murder mystery, and not as a reporter! She witnesses a newcomer to the neighborhood, Arthur Jones, murdered in the alley next to Harry's Bagel Shop. The police are quick to call it a mugging gone wrong, but Sheila saw what she saw. With the help of her outspoken former college roommate and her classically handsome new next-door neighbor, this trio take it upon themselves to get all the answers the police refuse to look for. Who was Arthur Jones after all? And who would want to kill him? "Not everything is in harmony in the charming town of Harmony. Former crime reporter Sheila Sammartino loves asking questions and getting the details of every story. When she witnesses a murder, she becomes part of an uncomfortable story about finding justice and restoring harmony to Harmony. A fast-paced mystery with humor and heart, a great first novel by Tony Garritano." - Mary E. Koppel, popular author of the Denise Reed Mystery Series "A playfully cynical, breezy treatment of murder, intrigue and collaboration by friends to overcome police indifference. A "page turner" written in a consistent and comfortably enjoyable style." - P.J. Cuccolo, author of LIMULUS and *The Shirt Wearer*.
